HAI APPLYING TECHNOLOGY FOR COMFORT, CONVENIENCE, AND SAFETY SINCE 1985.®

exact degree as it's being adjusted. As you dim or brighten lights in a room, the Pronto can display exact lighting percentages. You can also watch the volume levels change as you adjust the whole home audio system.

Pronto Link is compatible with all Ethernet-enabled HAI Omni and Lumina Family controllers and the Philips TSU9600 and TSU9400.

Pronto Link allows you to use a single remote to control your home theater; adjust lights, temperatures, and security settings; and control multi-room audio systems, such as the Hi-Fi by HAI system.

 Since 1985, HAI has been providing comfort, convenience, and safety for homeowners around the world.

HAI home control systems add value to your home by coordinating security, lighting, temperatures and more. Additionally, HAI systems save energy and money by providing ways to reduce energy consumption while maximizing comfort.

HAI, in conjunction with Philips, now offers a ProntoScript program called Pronto Link so you can easily control your HAI home control functions through your Philips Pronto remote.

A unique feature regarding the HAI and Philips connectivity is the Pronto remotes feature two-way communication with the HAI Home Control system. This allows you to not only adjust the temperature but view the

With a combination of infrared control and Wi-Fi® wireless control, Pronto provides true multi-room control.

Ease...

Screens are preprogrammed in Pronto Link for seamless integration of the HAI functionality into a standard Pronto project.

Elegance...

Philips TSU9600 Pronto

Sensational design and a breathtaking color display give the Pronto TSU9600 instant appeal. The smooth top and flush display is backed by an ergonomic "soft feel" grip with a stylish metallic finish.

Convenience...

Philips TSU9400 Pronto

The slender vertically aligned Pronto TSU9400 features a bright vivid touchscreen. Ultra-thin with a stunning 3.5 inch QVGA color touch screen ideal for graphics, a rotary wheel for easy multimedia scrolling and conveniently placed buttons, the Pronto TSU9400 is a hybrid of full functionality and designer looks.
